

	Technical Data:
Power:	100w, 150w, 200w
Colour:	4500K and 5700K
Lumens:	100w- 15,000Lm 150w- 22,500Lm 200w- 30,000Lm
Input power:	90-305V
Lifespan:	50,000 Hours
CRI:	80
Warranty:	5 Years Manufacturers warranty
Beam Angle:	120°
Protection Rating:	IP65
Dimension	Ø300mm

EcoModeLED High Bay is an ideal replacement for metal halide and sodium lighting in a variety of applications.

Perfect for use in Commercial Warehouses, Airports, Shopping Centres, Cold Storage, Manufacturing Plants and Fulfilment Operations.

EcoModeLED High Bay uses Samsung 2835 Chip. Allowing for a 5-year Warranty/50,000 hours lifespan.

This High Bay is waterproof and dustproof up to level IP65 and can be used in various environments.

Mainly uses Aluminium alloy as the material with PC lens. Works safely and is durable under different conditions.

Features the most advanced SAMSUNG Led light source, With an Aluminium Heatsink that leads to low operating temperature with a greater heat dissipation – giving this unit an impressive minimum 50,000hr life expectancy.
